NATIONAL SAVINGS CERTIFICATES

Available in three different series, maturing after 5, 7 and 12 years. The yield is 3%, 3.57% and 4.16% simple interest, respectively, at maturity. Thus, in the 12 year-certificates money increases by 50% on maturity. Interest is free of income-tax and super-tax and is not taken into account in arriving at the total taxable income.

The certificates are obtainable from Post Offices doing Savings Bank business in denominations of Rs. 5, 10, 50, 100, 500, 1,000 and 5,000. An individual can invest upto Rs. 25,000. and two joint holders upto Rs. 50,000/-.

Full particulars obtainable from Post Offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

Deposits accepted in multiples of Rs. 100/- upto a maximum of Rs. 25,000 for a single depositor and Rs. 50,000 for two persons jointly. Interest at 3½% per annum (free of all taxes and not taken into account in assessing the total taxable income) is paid or remitted to the depositor's address every year. Deposits accepted at offices of the Reserve Bank of India at Bombay, Calcutta, Delhi & Madras, and Branches of The Imperial Bank of India in other places transacting treasury business.

Full particulars obtainable from District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioner, Simla.

REMARKS

The figures of births and deaths shown in this statement for the week ending the 21st July, 1951, relate to 191 towns with an estimated population of 25,201 thousands. The total number of towns is 236 and their population is 29,238 thousands. Thus 81% of the total number of towns representing 86% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 16,595 and 8,358 representing birth and death rates of 34.2 and 17.2 per thousand of population respectively.

(A) States (Parts A & C).—The data here relate to 172 towns with an estimated population of 22,176 thousands. Information about Assam and Bihar could not be included. The total number of towns is 204 and their population is 25,064 thousands. Thus 84% of the total number of towns representing 88% of the total population is covered. The numbers of births and deaths recorded in

these towns were 15,003 and 7,613 representing birth and death rates of 35.2 and 17.9 per thousand of population respectively. The table at the end gives the position by States.

No town recorded a high death rate of 50 or over per thousand of population.

(B) States (Part B).—The data here relate to 19 towns with an estimated population of 3,025 thousands. The total number of towns is 32 and their population is 4,204 thousands. Thus 59% of the total number of towns representing 72% of the total population is covered. The numbers of births and deaths recorded in these towns were 1,592 and 745 representing birth and death rates of 27.4 and 12.8 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population.
